RE: DEP 85-650, Engineer Certification of Order of Conditions, Project 2175, Kevin and Ann Melia, 24 Grasshopper Lane, Acton, MA 01720

Dear Commissioners:

The additions to the existing house consisting of a 28' by 18' living room with a 28' by 12' deck and a room 14' by 12' were constructed, completed, and the building permit signed and closed in November 1999. The Owners forgot about the Order of Conditions and the contractor did not remind them nor contact the engineer for the final measurements at that time.

This engineer was contacted in February 2007 about the certificate of compliance and submitted a proposal to do the work. That proposal was resubmitted to the owners in February 2008 and accepted.

Field measurements were taken on March 18, 2008. The rooms and deck have been constructed in substantial compliance with the plans and specifications and in accordance with the Order of Conditions, DEP File No 85-650. Enclosed is an "As-Built" plan showing the two additions, as constructed, and measured March 18, 2008 and shown on an As-Built Plan, Number 2175, dated March 18, 2008.

This Certification is part of the Request for Certificate of Compliance, WPA Form 8A: I hereby "Certify to the best of my professional knowledge, information and belief that the living room, deck and added room were built in substantial compliance with the design plan prepared for Kevin and Ann Melia, 24 Grasshopper Lane, Acton, MA, dated March 4, 1999, As-Built Plan last dated March 18, 2008 by Duncan M. Brown, PE, 55 Whitcomb Road, Boxborough, MA 01719 and in accordance with the Order of Conditions dated April 14, 1999 and filed at the Registry of Deeds on April 30, 1999, Docket Number 567, dated May 13, 1999."

Sincerely,

DUNCAN M. BROWN, PE
